TRAGEDY TOLD ABOUT BY THE ONLY SURVIVOR

Everett Case Relates How Motor Launch Struck Boom and Ripped.

BOAT OVERTURNED BY ADDED WEIGHT OF WATER.

Thomas T. Grady Testifies As An Expert, and Now Thinks That the River is Dangerous for Small Craft.

The inquest into the death of Florence Hooper, one of the victims of the launch tragedy of last week, whose body was recovered, was held yesterday in the County and McKinley undertakers' rooms before Dr. F. J. Clary, coroner, and a jury. The examination was in the hands of T. F. Clary, deputy attorney-general.

The only substantial evidence adduced was that of Everett Case, the sole survivor, who was hurriedly brought from Wetaskiwin, where he had been staying with friends, in a graphophone manner he told of the accident. He said the launch struck the boom which runs across the river and not the pier. He said that as they reached the end of the boom, the boat struck on her right side, tearing a deep hole in the side, immediately the water poured in and the boat was headed down stream. Everyone stood up, and Hooper told them that they would have to swim and that they had better get some of their clothing off. This they proceeded to do.

Patton Jumps Overboard. It was here that Patton, the mechanic, turned to them and asked if they could swim, and learning in the affirmative jumped overboard. The remainder of the party endeavored to keep as far away from the place where the water was coming in as possible, and crowded to the left of the boat. When the launch was completely full of water together with the weight of the party, she capsized. Each man had a hold on his wife and the Hoopers and Meredith started to swim to shore.

Hooper did not go very far, Meredith making better headway. Meredith's wife and her, who he says, was quite cool and collected, clung to the boat as he told her to, and then the craft, by the force of the current, turned, and he and she being separated and she went under. He thought she would rise to the surface, and that he would be able to get to her, but she did not appear so far, and he could tell. The water was cold and numbing and it was his weakness that he told of playing by the boat till rescued.

Grady As An Expert. Thomas T. Grady was also examined, and gave expert testimony as to the construction of the boat as well as to the manner of handling it. He thought the boat was a very poor one, and that it never occurred to him that this was too great a weight for the boat. He never occurred to him that this was too great a weight for the boat. He never occurred to him that this was too great a weight for the boat.

The inquest was adjourned until Tuesday.

FLEES ITALY TO FIND SAFETY IN THIS PROVINCE

One of Foremost Detectives in the Camorra Case in Danger in Own Land

MEMBERS OF SECRET BAND PLANNED RUIN

He Saved Enough Money Out of the Wreck and Has Gone to the Edson District to look for a Farm or a Homestead.

With hundreds of immigrants passing through the city every day, scarcely a day passes but some interesting or curious incident is a passing episode of the immigration hall, and the hall officials have many stories to relate of their experiences. A man who attracted considerable attention at the immigration hall was Gennaro Visconti, who claims that he had been to have been among Italy's foremost detectives, and to have taken a leading role in the sensational Camorra trials, which lasted for a whole year. After the strain and danger of obtaining evidence against the Camorristas, Visconti, according to his own statement, decided that he had had enough of the vicissitudes of the life of an Italian detective, and relied on the comfortable fortune which he had succeeded in accumulating. Visconti stated that he had returned to his native Milan, and opened a restaurant and wine shop there.

Still is Pursued. Though he had retired into private life, Visconti said that the Camorristas had by no means forgiven him for the work which he had done in crippling their society, and, finding that they could not inflict physical violence upon him, they set about effecting his commercial ruin. Visconti's principal losses were so bankrupt, he leave the country with remarkable resources, framed up charges against him and against him with the police, and he

GREAT CROWDS GO TO CALGARY FAIR

Fully a million dollars' worth of livestock is shown in the Parade. Much Cattle Particularly Fine

Calgary, July 4.—The attendance at the exhibition is running about ten per cent in excess of last year's crowd. The five stock exhibit is the feature of the agricultural display and it is estimated that fully a million dollars' worth of blooded cattle were shown

IN THE LIVESTOCK PARADE

The government display of milch cows is particularly fine.

Fully 20,000 people attended the exhibition grounds last night, one of the big features being the burning of a house and a spectacular run by the big motor machines of the local fire department, the affair being staged in front of the grand stand. The house was filled with inflammable material and the effect was most spectacular.

FOURTH COMMEMORATES BRITAIN'S BLUNDER

Times Says Britishers Who Join Americans in Celebrating Independence Day Must Celebrate Disaster.

London, July 4.—The Times, in an editorial on Independence Day, says: "It has become one of the established functions of the British press, who rarely commemorate triumphs of their own history make an annual point of joining with the Americans in celebrating their greatest disaster."

"Probably few think what it signifies when Englishmen make a feast day of July 4th, and publicly venerate the name of Washington."

"They are celebrating the most ignominious blunder in British history, and they are paying tribute to the memory of a man who brought Great Britain to her lowest depths of humiliation and injury."

"If our mistake was great, we have at least amply, sincerely and repeatedly admitted it."

Use them outside, in or near the garbage barrel, as well as in the house or store.

THE HUMAN PROCESSION

GEORGE M. COHAN, 35 TODAY, SAYS FAREWELL TO BROADWAY.

George M. Cohan, 35 today, and made a fortune out of the dramatic possibilities of the Stars and Stripes (tremendous applause), will celebrate his thirty-fifth birthday today. George recently bade farewell to that dear old Broadway which he has celebrated song and melodrama, and declares that after a year on the road it will be back to Providence for his home. The man who made a million or more by waving a flag at psychological moments was born in Providence on the 14th of July, 1878, and is on a farm near the Rhode Island city that he expects to spend his declining years. In the meantime, his family, surrounded by cattle, turkeys, chickens, strawberries, and other farm products, his father and mother and the other numerous Cohan's are also going to leave the great white streak and settle down on a farm.

It was about 23 years ago that George started his stage career as a boy violinist, and since then he has done nearly everything in the amusement line from circus performer to singer, actor, composer, dramatist, producer, manager and theatre owner. He is regarded by his friends as a man of more or less, and as he has never been a wild and reckless spender, the report is probably true. Mr. Cohan believes that "Little Johnny Jones" is his dramatic masterpiece. But, well, there will be a lot of long winter nights down on the farm, and George expects to spend them in writing "The great American Comedy."

Little Prince Wilhelm, eldest son of Crown Prince Wilhelm of Germany, will have a birthday party today, this being the seventh anniversary of his arrival in this world. He is the adopted grandson and his warlike father, the youngster will become Emperor of Germany and King of Prussia—provided, of course, the peppy socialists don't succeed in toppling over the throne and thus deprive the Hohenzollern family of their imperial powers. As for such a contingency, however, little Wilhelm would probably say: "I should worry." He is described as a healthy, husky, happy boy, and to such the present is far more important than the future. His mother was the Princess Grete of Mecklenburg-Schwerin, a younger sister of the present Queen of Denmark, and related to the royal families of England, Norway and Greece.

Although he was born in Tennessee, educated at Cornell and is now vice-president of Leland Stanford University in California, Dr. John Casper Branner is more at home in Brazil than anywhere else. The famous geologist recently sailed for the coffee republics to continue the scientific investigations he commenced in 1875, when he went to Brazil with the Imperial Geological Commission. After concluding his duties with that body, Dr. Branner remained in the South American country many years as expert for a mining company and as agent for the United States department of agriculture, which he served as a botanist. After returning to his native country, he became geologist for the Pennsylvania Geological survey, state geologist of Arkansas, and professor of geology at Indiana University. He joined the Leland Stanford faculty in 1892, was acting president for a time, and since 1899 has been vice-president of the famous California Institution. Since his connection with Stanford he has headed several scientific expeditions to Brazil.

If a man is smart enough to find a woman, it is because she wants to be fooled.

MANY INDIANS AND COWBOYS

Scores of Them Are to Be seen at the Oklahoma Ranch Wild West Show.

With scores of Indians and cowboys and cowgirls, bands of music, sharpshooters and racquets, broncho busters and experts of every phase of the far west, Arlington and Beckman's Oklahoma Wild West show performs in Edmonton today and tomorrow both afternoon and night.

No more splendid aggregation of the heroes of the roundups and cowboy competitions has ever been assembled than those who will be seen in this organization.

The long list of champions is headed by the "Father of the West," Col. Zack Mulhall, whose feats and adventures with Indians and "bad" men of the frontier are a big part of the history of that state.

He is accompanied by his beautiful 20-year old daughter, Luella, who has all the graces and accomplishments of the Fifth Avenue society belle as well as being the most daring horsewoman and the most marvelous lariat thrower whom the great west has ever seen.

Who has made many a cowboy hide his head in the shame of defeat in the roundups on her father's ranches or in the competitions of the ranges.

Surrounding her are a score of other girls from the prairies whose skill is only slightly less than her own and their feats of skill and daring are astounding to the city bred girl even to the men of the cities.

Half a dozen red blooded men who love danger with all the strength and passion of their untamed natures take part in the most exciting of the feats of the old time wild west in a feat called Auto Polo. To play this game as it is performed in the Oklahoma ranch arena requires a courage and involves a risk to life and limb which makes automobile driving or automobile racing a sport for little children in comparison.

CONVENIENT ENTRANCE TO DISPLAY OF AUTOS

North End of the New Block Pavilion Will Be Used for Purpose This Year.

For the display of automobiles and other exhibits the north end of the new stock pavilion will be used this year. The entrance to this building will be east convention, as it is situated quite close to the Alberta avenue entrance to the grounds. Space is also being allotted in this building for dairy products and domestic manufactures. It is probable that the overflow from the manufacturers' building will be taken care of in the new stock pavilion.

The interior of the building is being finished up at present. Grading and boulevarding is in progress around the exterior. It is a safe venture to say that this building will be used more than any other building on the grounds of the exhibition this year.

A Racking Cough And Sore Throat Cured in Five Hours

Use the Proper Remedy and Colds and Sore Throat Disappear.

"When I came home last evening," writes Mr. Thomas E. Jarvis, "I was all used up with cold and a racking cough. I felt sick all over. My wife rubbed my throat and chest every hour, and made me gargle with Eucalypti and water. I was soon warmed up and made comfortable with the Eucalypti, and the chilly sensation passed away. At 11 o'clock, after five hours' treatment, I was practically well. I therefore wrote you at once in order that it may be publicly known that Eucalypti will knock out a bad cold over night."

It is a fact that Eucalypti will ease a tight chest, will relieve that sore, wheezy feeling, will knock out a cold in just a few hours. It penetrates deeply, draws out the congestion, cures promptly. Get a large family size bottle, 50c; small size, 25c, at all storekeepers and druggists or The Cataract House Co., Buffalo, N.Y.

SPORTOGRAPHY

EDDIE CAMP, BANTAM BOXER, IS TWENTY YEARS OLD TODAY

Eddie Camp, the clever and rugged little California boxer whose admirers believe he is destined to become bantamweight champion of the world, will pass his twentieth milestone today.

His real name is De Gennep, and he is the offspring of a French father and an Irish mother, while, by reason of having been born in San Francisco on the fourth of July, he is a thorough American. In his recent important battles, Eddie has demonstrated that he is "there" with the best of the bantams. He won the decision over Frankie Burns, of Jersey City, in a twenty-round bout at Verona, and before that lost a twenty-round decision to Kid Williams of Baltimore only after one of the fastest and most sensational battles between little fellows ever staged in Los Angeles.

William's defeat of Eddie was only after the first ten rounds, and in the twelfth round won by a knockout. Williams is one of those chaps who never quit when they are licked, however, and he managed to get the decision by a shade.

The decision was far from popular, and Williams and Camp will have to scrap again before the Baltimore boy can claim to be Eddie's master. Camp is fighting when he was only 15. He won all of his early bouts, and did not know the meaning of defeat until he was worried by Jimmy Fox in 1910. He fought four bouts with Fox the following year, two being draws and the others victories for Camp. Last year he defeated Jimmy Walsh in Sacramento, and then went gunning for the Englishman, Gouin, Williams and Burns.

George Emmett Mullin, the veteran

Tiger pitcher who was recently sold by Detroit to Washington, was born in Toledo, O., 33 years ago today. When he was told that Max Baer was in the Tiger club, he joined the Detroit in 1903 and three years helped to swirl the Tigers into the American league championship. Mullin was educated in Toledo, began playing ball with the St. John's Academy nine in his native city. In 1908 and 1909 he was with Wabash, Ind., and the following year was with South Bend, Ind. while he was pitching for Fort Wayne that he attracted the attention of the big league scouts. He signed with both Detroit and Brooklyn, but east in his fortunes with Detroit and the American league. In 1904 he batted .304, but since then his stick work has slumped around the .200 mark.

The points are scored, five for a first, three for a second, and one for a third. Sheppard won four firsts and two thirds, as follows—First in the 100 yards, 200 yards, 400 yards, and standing high jump; and third in the running hop, step and jump, and 120 yards hurdles—a total of twenty-two points. Halliburton won two firsts and four seconds, as follows—First in the running broad jump, and running hop, step and jump; and second in 100 yards, 220 yards, 440 yards and pole vault—also a total of twenty-two points.

I trust that you will give this letter full publicity in your sporting columns in order that the erroneous impression that is going abroad may be corrected.

CARNEGIE EARNS ABOUT PROFITABLE MARKET IN CANADA

Discovers that Two-thirds of Imports Into Dominion are from United States

TAKING AWAY TRADE FROM GREAT BRITAIN

Ironmaster Ends His Vacation in France and Comes to Conclusions After Studying Recent Statistics.

Paris, July 4.—It was announced last night that Andrew Carnegie on Wednesday promised Louis Lard, rector of the University of Paris, to give \$20,000 toward the installation of the institute of chemistry now in process of building at Paris.

Mr. Carnegie left Paris for Scotland yesterday, after a three days' visit, marked by lavish entertainments given in his honor by the distinguished Frenchmen. He was accompanied by two detectives night and day throughout his stay.

In a conversation with a correspondent yesterday he said:

"Business conditions in the United States are excellent at present and everything points toward a boom in the near future. We are not so far as competition is concerned. Our enormous facilities for the production of steel enable us to regulate the price in a market which is now at a low level and thus give us the command of the iron and steel trade which other nations are unable to wrest from us. If anything, we shall certainly strengthen our position in this respect in the future."

Mr. Carnegie said he had been studying the recently issued trade statistics.

"It was immensely startling," he said, "by the fact that two-thirds of Canadian imports come from the United States and only one-third from England. Nothing could better show the great strides taken in our commercial relations with our northern neighbor. We have an enormous and profitable market across our northern border. In a few years the disproportion between our trade and that of England with Canada is largely to increase in our favor."

Speaking of his holiday tour, just concluded, Mr. Carnegie said he had had "the time of his life" and really obtained his first knowledge of the great importance of France.

"The people here," he said, "are exceedingly hospitable to us Americans. It is only by meeting the leading figures of a country that we can get a proper idea of the pulsating, progressive life of France, and indeed to come to Paris is to enter the future."

Lloyd George, Sir Rufus and Murray of Kilburn Will Depart for Paris Tomorrow

London, July 4.—Mr. Asquith, the prime minister, stated at a night sitting of the house of commons that Mr. Lloyd George, Sir Rufus and Murray of Kilburn had taken steps to divest themselves of their shares of Marconi company of America.

RAND DISTRICT ALL ON STRIKE

Wild Scenes Are Enacted, and Soldiers Are Badly Mauled by the Miners.

Johannesburg South Africa, July 4.—Precisely all the mines in the Rand district are now involved in the strike, which is found to have a serious effect on the gold mining industry in South Africa.

The engineers, carpenters and masons decided to go out. This will necessitate further plans by the troops.

The strikers are displaying an ugly temper toward the "black legs." At Benoni a number of soldiers were badly mauled by a body of strikers.

Wild scenes are enacted at various points. One of the strikers leaders say they will not know they cannot win, but they hope to compel parliament to reform the law regulating working conditions.

WRITES SUICIDE NOTE TO WIFE; BODY FOUND

Vancouver Man's Business Prosperous and No Reason Is Known Why He Should Poison Himself

Vancouver, July 4.—Mrs. Boulton, 1633 Georgia street, reached the police station out of breath yesterday morning carrying in her hand a note addressed by her husband as follows:

"I am going out to kill myself. You will find my body in the park near the beach."

Several detectives in automobiles and on foot were sent to Stanley park to head off the suicide, but could not find him. In the afternoon a call came that a body had been found in the park. It was a man, who had been found lying face down in the water. It was 30 years old, came from Eastern Canada and had no name.

This is the eighth suicide in Vancouver in a week, which has been attributed to a partner in the Commercial Transfer company and his business was prosperous. His wife has no idea why he took his life.

Fraser River Claims Great Many Victims

Heavy Toll of Deaths Among Settlers in Lost Their Lives in Drowning

Vancouver, July 4.—Alexander Hayes, a pre-emptor of the Fraser valley, was drowned near that place Wednesday. The Fraser is still taking a heavy toll of victims among incoming settlers in the Northern British Columbia. Two volunteer pilots, names unknown, jumped off a scow near the Fraser river, and were killed in Grand Canyon, and never came up. Another sawmiller and his wife were killed in a scow last Monday knocked off by a boat's wheel and perished.

A scow laden with horses owned by W. C. Slaten was wrecked in Griscum Rapids last Sunday morning. Eleven men and horses were aboard. Though in the water an hour, all got ashore.

FORT GEORGE RAILWAY TO BE BEGUN AT ONCE

Line Will Run From Vancouver and 1000 Miles (at least) to the North

Vancouver, July 4.—Announcement was made yesterday that the Pacific Great Eastern railway, whose bonds are guaranteed by the provincial government to build from here to Fort George, will immediately commence work in North Vancouver. The railway already has a thousand men working on the route fifty miles north of Vancouver. Foley, Welch and Stewart are the contractors.

WEARY TIREDNESS CHANGED TO VIGOR

That Playful-Old Feeling Was Quickly Replaced by Health and Restored.

Story of a Merchant Who Almost Lost His Business and Health Through Neglecting Early Symptoms of Disease.

"My life for years has been of a sedentary character," writes T. H. Thierfeld, head of a well known firm in Buckingham. "Nine hours every day I spent at office work and took exercise only on Sunday. I disregarded the symptoms of ill-health, which were all too apparent to my family. I grew thin, then pale, and before long I was jaundiced—eyes and lips were yellow, my strength and energy were lowered, and I was quite unfit for business. In the morning a headache and vertigo would distress me when I bent over, made me very worried about my health. Most of the evening I would lie in bed, and in the morning I would feel as if I had been through a long and weary day. I neglected myself rather than took time to rest. I was of course a nervous, but by a happy chance I began to use Dr. Hamilton's Pills. I was formerly stricken with indigestion, but they helped me to get on my feet, and I seemed incredible that pills could tone, cleanse and regulate the system without causing any unpleasant after effects. Dr. Hamilton's Pills acted on me just as gentle as nature—gave me new life to my liver, strengthened my stomach, and won me back to perfect good health. I am now as healthy as a horse, and my appetite, strength, and spirits are perfect."

Referring to the offer of a testimonial of Dr. Hamilton's Pills, which are sure to cure, said in 25c boxes, for \$1.00, and for 50c boxes, for 25c, he said: "I am a stockbroker, or postpaid from the Galtzheim Co., Buffalo, N. Y., and Kingston, Canada."

CHARMING SUTOR WANTS TO BE SURE MONEY IS SAFE

Lacelles Refuses to Wed Lady Sackville-Will Wait With Law-suit on Tap.

GENTLEMAN BELONGS TO DIPLOMATIC SERVICE

Accompanies Fiancee to Probate Court Every Day to Fight Will Case Involving Five Million Dollars.

London, July 4.—The marriage, the happiness of the Hon. Victoria Mary Sackville-West, a charming miss of 21, hangs on the decision of the now famous lawsuit to break Sir John Murray's will. He left \$5,000,000 to Lady Sackville-West, Victoria's mother, and his kin are contending it.

The young woman is engaged to marry Viscount Lascelles, heir to the title of Harwood, a young statesman of the British diplomatic service and later a lieutenant in the crack Grenadier guards. But she makes a condition now that there must not be a shadow of a doubt that her mother's claim to the great fortune is absolutely just, else he will not marry.

This is stated positively, although known up to this point to only a few of the young lady's intimates. The viscount, 31 years old, has accompanied his fiancée every day to the probate court since the will was introduced to them, being tired. No suitor was ever more attentive or perhaps more anxious.

A Perfect Foot

is a thing of beauty and a joy forever. The man or woman in possession of a perfect foot is very fortunate, but due to the modern methods of living, most of us are bothered and tormented with aching feet, weak ankles and flat feet, all of which tend to make the feet not only painful but ugly and more or less deformed.

Dr. SCHOLL'S "FOOT-BAZERS" restore the foot to its natural beauty, support the arch, thus raising the instep, making your boots fit better and look neater; also permanently cure all your foot troubles.

NORTHERN TEXAS FLOODED BY RAIN

Fort Worth, Texas, July 4.—Greenview is partially submerged. Quilman and Farmerville are isolated, scores of railroad bridges having been washed away or seriously damaged and stretches of track at a dozen points have been destroyed by heavy rains in four north Texas counties.

Crops over a wide area have also been ruined by the downpour, which has amounted to a cloudburst. Centrifugal pumps in Hunt county, the rainfall extended into the counties of Callis, Grayson and Harrison and has swollen the Sabine river until it is about two miles wide at various points.

At Five Point five men are marooned in Texas. No loss of life has been reported.

PENITENTIARY FOR LIFE FOR AIDING IN MURDER

Indian, Who Was Companion of Slayer of Provincial Constable Kindness

Vancouver, July 4.—At New West- minster assizes yesterday Moses Paul, the Indian who was the companion of Paul Kindness in the murder of Provincial Constable Kindness, was found guilty and sentenced to the penitentiary for life.

The charge against the prisoner was that of being accessory to the crime and the defense was that he was innocent. It would be proved that he was in company with Paul Kindness on the night of the killing of the officer.

Mr. Justice Morrison, however, ruled that this was altogether unnecessary, as the evidence was sufficient to prove the charge.

WINCHELL GOES TO NORTHERN PACIFIC

Ex-receiver of Prince Rupert, Now in Difficult With the Courts; Goes to St. Paul, Minn., July 4.—A rumor that Benjamin L. Winchell, whose resignation as one of the receivers of the St. Louis and San Francisco railway, has been accepted, would become connected with the Northern Pacific railway, gained circulation here last night. When in St. Paul recently in connection with the affairs of the "Prince Rupert," Mr. Winchell held conferences with Jas. J. Hill, of which nothing is known.

FEDERAL JUDGE DENIES MOTION OF GOVERNMENT

Government Motion for Forfeiture of Land to Secure His Appearance Is Denied by Court.

Chicago, July 4.—The government's motion for forfeiture of the \$30,000 bond of Jack Johnson to secure his appearance for trial on October 18th was denied by Federal Judge Carpenter for here yesterday. This bond was on an indictment charging Johnson with white slavery in transporting Belle Schreiber from Milwaukee to Chicago. The case in which the fighter was convicted was in bringing the Schreiber woman from Pittsburgh to this city. He has appealed, and pending decision was allowed his liberty on a \$15,000 bail.

Judge Carpenter stated that precedent does not warrant forfeiting a bond merely because a defendant has left the jurisdiction of the court.

GERMAN ARMY'S PEACE STRENGTH IS INCREASED

Bundesrat Adopts His Armament Bill and Also the Measure for Financing the 150,000 Additional Men.

Berlin, July 4.—The Bundesrat yesterday adopted the armament bill, which increases the peace strength of the German army by approximately 150,000 men, and the measures for financing the army increases. Saxony's four representatives voted in the negative. The Bundesrat then adjourned at midnight.

MARRIAGE RECORDS BROKEN

Winnipeg, July 4.—All records for June marriages were broken by the record in Winnipeg in the past month. The city clerk's office reports some 379 couples having been married which is at the rate of more than 12 a day.

CANADIAN PACIFIC CHANGES

Winnipeg, July 4.—Official announcement was made yesterday of appointments in the Canadian Pacific as follows:

Arthur Shaw, assistant general passenger agent at Winnipeg, appointed general agent to succeed C. B. Foster, transferred to Montreal.

R. G. McNelly, district passenger agent at Calgary, succeeds A. C. Shaw as assistant general passenger agent at Winnipeg.

Robert Dawson, chief clerk passenger department, Winnipeg, goes to Calgary, as district passenger agent at Calgary, succeeding R. G. McNelly, and W. J. Dawson, chief clerk, succeeding his brother, Robert Dawson.

C. H. Bovey, chief clerk passenger department at Vancouver, has been appointed assistant general passenger agent at Vancouver.

PLAN RAISING AN IRISH REGIMENT IN VANCOUVER

Hope That It Soon Will Take Its Place Among the Great Organizations in the Militia of Canada.

Vancouver, July 4.—The plans for raising a new regiment of infantry in Vancouver are rapidly maturing, and it is expected that before the first of next year the Irish Fusiliers will be fully organized and drilling assiduously to take their place with the other crack regiments of the Canadian militia that have their headquarters here.

Admiral George McIsaac, a prominent Orangeman, will be in charge of it.

MUNICIPAL ELECTIONS IN NORTH BATTLEFORD

Battleford, Sask., July 4.—Mayor G. H. Bennett, having come into his business at Battleford, Mich., has resigned. Councilor Thompson resigned a few days before and Monday next is the date set for nominations to fill the vacancies. The election will be held on Tuesday.

SCALES, DANDRUFF AND ITCHING

Head so Itchy Could Hardly Stand It. Dandruff Showed on Coat Collar. Cuticura Soap and Ointment Cured in One Month.

223 Ellice St., Montreal, Que.—"Cuticura Soap and Ointment cured me permanently from dandruff and itching of the scalp, frequent eruptions on my face, and suffering with scales and dandruff, and it was so itchy could hardly stand it. The dandruff showed on my coat collar. I had used various medicines without relief. I heard of Cuticura Soap and Ointment and decided to try them, and I am very glad of it, because I am perfectly cured. I used two boxes of Cuticura Ointment and the Cuticura Soap. It took one month to cure me. I take pleasure in recommending Cuticura Soap and Ointment to anyone who is suffering with scalp or skin disease." (Signed) Theodor Peters, Dec. 30, 1911.

TO REMOVE DANDRUFF

Prevent falling hair, remove crusts and scales, and also itching and irritation of the scalp, frequent eruptions on the face, and assist by occasional dressings with Cuticura Ointment, afford the speediest and most economical treatment. They assist in promoting the growth and beauty of the hair by removing those conditions which tend to make it dry, thin, and lifeless, often leading to premature graying and loss of hair. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 75¢. 84th Div. Address post card Potter Drug & Chem. PENAL SERVITUDE FOR TWO MILITANTS

Kitty Marcen and Clara Givens Sentenced to Three Years for Arsen.

London, July 4.—Two militant suffragettes, Kitty Marcen and Clara Givens, were sentenced at the assizes yesterday to 3 years penal servitude each on the charge of setting fire to the stands on the Hurler Park race course on June 5th and causing damage amounting to \$70,000.

When the verdict of guilty was brought in Miss Marcen said: "We have been convicted upon the flimsiest circumstantial evidence. If we had been men charged with criminal assault we would have been set free on such evidence. I shall hunger strike and I shall refuse to leave prison under the cat and mouse act. I shall insist upon staying there, until dead or released a free woman."

Miss Givens said: "We have not had a fair trial. We have not been tried by our peers. Women never will receive justice until women as well as men are on juries."

When the judge pronounced sentence suffragettes in the gallery of the court shouted:

"No surrender," and started singing the suffragettes' battle song, "March On." The demonstrators were ejected from the building and the prisoners were removed to their cells, shouting, "We shall fail, and we shall win."

No witnesses were called by the defence and the prisoners did not testify. Their counsel argued that the charge had not been proved.

MISS PANKHURST WOULD JAIL CABINET MEMBERS

Hope She Will See Coming From East End of London Great Army of Women With Sticks and Stones

London, July 4.—Miss Sylvia Pankhurst announced at a meeting of militant suffragettes in London last night that she had been summoned to appear at the police court tomorrow in connection with the Downing street outrage, of which she was the leader last Sunday night.

Miss Pankhurst expressed regret that she was not arrested at that time, and said:

"I am charged with inciting. I asked the people at Trafalgar Square to go down Downing street and hoot the cabinet. Downing street is a public thoroughfare. What right have the police to stop the public from going there to hoot the cabinet?"

Referring to the cat and mouse bill, she said:

"It means death—a slow lingering death. The only alternative is for the government to give way. The women prisoners will never give way."

Alluding to the conditions under which women worked in the east end, she said:

"I hope before long that we shall see coming from the east end a great army of women armed with sticks and stones to impose the cabinet ministers in their homes just as the ministers have impersonated us in Holloway jail."

EMPLOYEES MUST RECEIVE NOTICE

Cannot Be dismissed summarily Without It Unless there Exist a Cause.

Before His Honor Judge Crawford, sitting as a court of appeal from the police magistrate, judgment was given today following the same rule as set out in the case of the Holston Hospital nurses against the city.

Robert Duggan appealed from the decision of Inspector Worsley giving a waitress one week's wages in lieu of notice of dismissal. On the appeal before Judge Crawford evidence of both sides was reheard and His Worship said that the law in Alberta, as he understood it, was that all employees were entitled to notice unless an agreement was proved to exist between the parties, waiving the rights of notice on both sides, or the employee was dismissed for cause.

A peculiar feature of the case was the evidence of a union employee at this place of Mr. Harry who gave evidence that it was understood and recognized on either side, and this brought into the case the question of the law as to whether the plaintiff had been a member of the union. He was not entitled to notice, but not being a member of the union, the agreement said to exist between the union and the restaurant of the city, was held not to be binding upon her in the face of the common law.

It is reported that Mr. Harry and J. A. Clarke for the respondent.

Oliver Relief Work.—The report of the olive relief department, and free employment bureau, for June gave that 311 men were found employment besides 109 women and 12 youths. The olive relief department works in various sections of the city. During the month 421 garments were given away free, while 245 men and women were supplied to those in destitute circumstances. Miss Southall made 41 visits. Given cases were sent to doctors; transportation was secured for five people; nine were sent to hospitals in the city while four burials are recorded. This department will move Monday into the premises recently occupied by the welfare department, across the corner from the post office.

William Hurley, Esq., Given
Rousing Reception—Krugger
Wins Game for Sox.

Regina, Sask., July 4.—Regina won its first ball game of the season from Saskatoon last evening. Hurley's home runs beating Hurley's hard hitters 7 to 3 on a muddy diamond. Errors entered largely into the score, a timely out by Heine Kruger in the seventh inning being the determining factor. When Manager Bill Hurley stepped up to bat in the second inning he was given the most cordial reception ever accorded an opposing player in Regina, local fans thus showing their sympathy with Saskatoon in the recent league trouble. Bill was visibly pleased; he tipped his hat to the grandstand and then he proceeded to pound out a two-bagger, which paved the way for Saskatoon's first two runs.

Score by innings: R. H. E.
Saskatoon 020 001-5 6 0
Regina 003 110 20-7 6 0
Batteries: Collins and Walters; Nait and Baker.

Rivers Ritchie Fight for Title at Frisco Today

While It Decides the Championship There are Other Pugilists
Who Look as Good as Either Contender—Bout Will Not
Promptly Settle the Title Question.

(By W. W. McNaughton)
San Francisco, July 4.—While the Joe Rivers-Ritchie battle in San Francisco today, will be the world's championship bout, it will not, by any means be the final test of superiority, as far as the present battle of lightweights is concerned.
The winner of the Leach-Cross-Bud Anderson affair at Los Angeles also today will have to be reckoned with before we can boast an "unbeaten champion" and so will Warren Tommy Murphy, who, according to actual work done, rates as high in his class as any 135 pounder in the ring today.

So far as the West is concerned, however, the Ritchie-Rivers contest results in importance any fight that has taken place since the day of the Pacific in very many years. It is the Northern California champion against an opponent of equal weight and interest and a lively betting market.

Compare Well
What adds a zest to the prospect is that the two men compare in order of argument as to which is the better fighter. Each of them is a ringman of the thinking order and it is required today's contest to tell which is the cleverer.

This is a case where the possession of the championship title counts for as much when comparisons are in order. A champion is always considered a crack and any attempt to belittle his past performances will be met with the retort, "Well, he must be a good man, or he would not be champion."
In the present instance Ritchie's friends have to fall back on the fact that their man is champion when the records of the rival fighters are being sized up. To be frank about it, Ritchie's record does not compare with that of Rivers from a fighting standpoint.

Willie has performed brilliantly once or twice, but he has not been thoroughly tried and his record has been as busy as Terry McGoover has been the palmist days.

The Los Angeles lad has fought champions, near champions and medi-

To those who argue in this fashion it should be said that commercialism has taken the place of chivalry in the prize ring and that few latter day champions experience quakes over the manner in which they gain titles. The thing is to get 'em and hang on to 'em and use them as levers for big theatrical days.

PICKING DEFENDER
FOR CANOE TROPHY

New York, July 4.—Eight of the leading canoe sailors of this city and Boston took part yesterday in first of the trial races for the selection of the American defender for the American canoe cup. The race will take place next week in Gravesend Bay. Ralph Britton, the Canadian challenger, witnessed the trials yesterday. There will be two more days of racing before the defender is chosen.

Yesterday's trials were held over a six mile course, and in a fresh breeze off Staten Island. The best time was 1 hour 20 minutes 45 seconds (made by Leo Friede, Manhattan Canoe Club).

PENNANTS LOSE TO WHOLESALERS BY BIG SCORE

Heavy Hitting Characterized
Park Exhibition at City
Fair Last Night—
Score 16 to 4

RED SOX LEADING
LEAGUE BY MARGIN

Blue Labels and League leaders
Engage in Desperate
Contest at Park Tonight.

By a score of sixteen to four the Wholesalers triumphed the Pennants in a poorly played City League game at the City Park last night. Kilpatrick, pitcher for the Pennants, was heavily punished by the Wholesalers, who recorded a large number of hits. The Wholesalers battery consisted of Anderson, pitching, and Johnson catching, was strong and held their opponents down to a few scattered batters.

The game brought the Wholesalers a notch nearer the top of the league table, although they have a long way to go to reach the Red Sox. They are but one game behind the Blue Labels. Following is the standing of the league after last night's game:

Red Sox	4 1 800
Blue Labels	3 1 750
Wholesalers	3 2 600
Olympians	2 3 500
Excelsiors	1 3 250
Pennants	0 4 200

At the City Park tonight the Red Sox and Blue Labels engage in a deadly struggle. If the Blue Labels win they go to the top of the league. If they lose the Wholesalers are tied with them for second place. The contest will start at seven o'clock, at which time tar paper will begin to fly.

CONCANNON WAS SEEN IN ACTION AGAINST BRONKS

Moose Jaw's New Twirler
from Portland Makes Good
In His First Game in
W.C.L.

Moose Jaw, July 3.—Manager Strub and his Bronks from Calgary were defeated here tonight by a score of 3-8 in a good game. Fifty hundred fans turned out to greet Lefty Fletcher, Moose Jaw's new pitcher, secured from the Portland club of the Northern Western League, and he made a very impressive showing on the mound. Frink was twirling for the Bronks and was clearly outpitched by the ex-Portlander. He allowed 13 hits, most of which were bunched, while Concannon kept nine fairly well scattered and lighted up in grand style with men on the socks. Both pitchers showed excellent control. Frink only walking one man, while Concannon issued four transportation to but two. Seven "Weeds" went out by the strikout route, while nine of the Calgary players suffered a like fate.

The Bronks were the first to score, when a couple of singles and a base on balls netted them a run in the fourth. Frink was pitching good ball and only four hits more than a bird's-eye delivery up to the sixth, when the Millers tied the score.

Towards the last of the game both teams started to hit hard, but the local hit Frink for extra bases and won out, scoring two in the seventh and another pair in the eighth. Calgary made a big effort in the ninth to pull the game out of the fire. Concannon appeared to weaken somewhat, and, by issuing a base on balls and allowing the Bronks to connect for a single and a double, they scored two runs. Piper ended the inning, however, when he flew to St. Louis.

Score by innings:
Calgary 000 100 002- R. H. E.
Moose Jaw 000 001 22-5- 18 3
Batteries: Frink and Roche; Concannon and Moore.

ARONAUT FOUR LOSE
TO GERMANS
Hendry, July 4.—The Aronaut four lost their heat with Moyano Rowing Club of Germany by four lengths. The Aronauts hit a pile at the tenth stroke and the Germans got right away and were five lengths ahead at the half way mark. At the three-quarter mark, the Aronauts went up slowly, but the Germans spurred strongly and won in seven minutes.

JACK DILLON BEATS ANOTHER

Indianapolis, Ind., July 3.—Jack Dillon, of Indianapolis, champion of the middleweight championship, tonight knocked out Bill McKinnon at Boston in the last minute of their ten round bout at the American Association Park. It was Dillon's fight from the start. McKinnon was floored eleven times during the fight, twice in the sixth, twice in the seventh, twice in the ninth and five times in the tenth. He came back gamely after each knock down, but was no match for the local man. After the last punch that sent him Tommy Dillon helped him to his corner.

A BIG BALL GAME

The North Edmonton baseball team triumphed a poked team from Norwood and Fairview in great style on Monday evening last.

Not a man reached first in the first three innings, and in the fourth, North Edmonton got one and the selected ones got two.

In the sixth the hand-picked aggregation got one and then the fun began, and it over the fans roared they did them.

In the eighth the North boys got six, and retired the selects in 1-2-3 order.

The lineup is as follows:

North Edmonton: Briers, 1st; Powers, 2nd; Wagoner, 3rd; Lett, 4th; Rice, 5th; Kelly, 6th; Ambrose, 7th; Shannley, 8th; Standish, 9th.

Norwood and Fairview: Campbell, 1st; Lake, 2nd; Gibson, 3rd; Tull, 4th; Rice, 5th; Kelly, 6th; Ambrose, 7th; Shannley, 8th; Standish, 9th.

Score by innings: 000 000 10-6 Norwood & Fairview; 000 201 10-5

SPORT COMMENT

It seems unfortunate that the Hamilton Tigers, the champion hockey team of Eastern Canada, will be unable to come to Edmonton this fall, when it can set as for as Calgary. Edmonton Rugby men consider that the local team against them as any in the west, would make as good a showing possibly a little better. However, the Tigers say that to spend an extra three or four days coming to Edmonton to play would make it impossible to return to the east in time for the schedule, so that the Eskimos will have to content themselves with beating Calgary this year.

Now that all the baseball trouble has been cleared up and the Western Canada League has started out again with a clean slate and no favors for anyone, the fans should see some good games. Until the last few days the Edmonton team has been playing anything but good ball, but the games they played against Saskatoon, at least two of the games, showed that they can play ball. After the season of a third baseman the team should be as strong as any in the league. All efforts to bring Edmonton to bring a good man from the Northwest seems to have been abortive, so he is trying to arrange a trade with Calgary. He will probably exchange some of the birds between two men of this class that today's battle takes place.

In the meantime, while the birds are playing away from home, the City League continues to play ball. Tonight their star game of the week is scheduled to take place at the city park. It should be a good one, for if the Blue Labels win they go to the top of the league and the Red Sox drop a notch.

That Edmonton will have a soccer team in the field this year that will dispose of the Calgary all-stars in proper style is the determination of all good footballers. Last year Edmonton lost by one goal, after beating the pick of the Calgary league when that team came to Edmonton. This year the locals have the first game of the series on their home ground.

The fact that Haliburton, the young Y.M.C.A. athlete, will have his name on the all-round championship shield along with that of the champion, does not alter the fact that the Dominion Day sports brouhaha, does not alter the fact that the rank of Alberta athletes in the person of the man who won four firsts, Shoppard, appears to be the strongest all-around athlete in the province at the present time in spite of the fact that his wins do not bring him more points than those of his young and promising competitor. Haliburton is undoubtedly an exceptionally promising young, who in the next few years should show improvement.

Today the fourth of July, as in former years, is noted more for the number of fights which are held than for the fact that it is the day on which the United States declared their independence. From the point of view of a patriot it is unfortunate that

mercenary sport promoters should have prostituted a national holiday for their own gain, especially by the holding of such degrading spectacles as prize fights. However, the prize fights are being held and today in San Francisco Willie Ritchie and Joe Rivers fight for the lightweight championship of the world. While nominally it settles the championship, it does not satisfy the pugilists, as neither of the pugilists is the best in the world, as there are others who at the present time are making a strong bid for the belt and indeed look as good as either Rivers or Ritchie.

However, it is pleasant to observe that this battle is one between boxers rather than between fighters, who depend on brute strength to overpower their opponent. It seems that the day of the "year in fighter" is passing, at least for the present. That particular class of pug started with Terry McGovern. Terry rose through the ranks for a few rings until he was downed by Young Corbett. Corbett was the same style of fighter. In turn Young Corbett fell to Battling Nelson, the king of all the year in fighters. Then Batt went out to Volgaist, also a direct fighter.

Now the championship, has returned to the scientific style of fighter who depends to a great extent on boxing skill. It is between two men of this class that today's battle takes place.

BEN ARA WINS ALBERTA DERBY

Third Day of Calgary. Races Provides As Much Excitement as First Two

Calgary, June 3.—Joe McGuire, that sterling horseman from Denver, was behind both of the winners in the big harness events yesterday, the third day of the Calgary industrial exhibition. In the first he took Loomis' place behind Harry T., and won the \$117 trot for the merchandise purse of \$2,000, by capturing the last three heats of the race after coming in third in the first, second race, the 2:40 pace, he drove the same little chestnut gelding, Red Hawk, to the front.

The third day of racing provided quite as much excitement as the previous two days and all pony followers united in pronouncing this meet one of the greatest and most successful ever held in Western Canada and unreservedly state that it is the best ever held in Southern Alberta.

The Alberta Derby was the big event in the running class. Ben Ara, fresh from the Court D'Alene track, captured the classic event in a gallop. He was never headed after the first turn, and although given a good race, had little difficulty in winning. The victor was one of the prettiest acting horses seen during the meet. He walked up to the barrier without a waver and although there was delay on account of the bad action of the track, the pretty little chestnut never turned a hair until the word go, when with a jump he was in the lead, and although delayed by Smith Bowman, the winner of the 1911 Derby, the result was no question at all. In fact, Smith Bowman quit at the finish and was eased out by Quaker Boy, the horse which proved such a big surprise in the mile event of the previous day.

That the pari-mutuels are here to stay is evidenced by the big play which was made upon them yesterday. The total play yesterday amounted to a little over \$15,000, which is two thousand more than the day before and more than the opening day, when the attendance at the races was fully four times as large as it was yesterday afternoon.

Calgary, Alta, July 3.—Race results today are: First race—2:15 Trot, Merchants' Stakes—Harry T won; Heartwood second; Primes of Peig third. Time 1:17 1-2; 1:17 1-4; 1:18; 1:20. Second race—2:40 Pace or 2:35 Trot—Red Hawk won; Helena Boy second; Joe the Limit third. Time 2:22 1-4; 2:22 1-2; 2:29 3-4. Third race—Half mile Pony Race—Lucky won; Eunice second; Lady Klumack third. Time .52. Fourth race—Six furlongs—Simpella won; Lady Hennessy second; Prince Rupert third. Time 1:17 3-4. Fifth race—Derby, one mile—Ben Ara won; Quaker Boy second; Smith Bowman third. Time 1:49 1-4. Sixth race—Six and a half furlongs—Morrill won; Washell second; Le D'Or third. Time 1:25. Latonia Races

TOO LATE FOR GAME

The Edmonton baseball team, which left here yesterday, did not arrive in Medicine Hat in time to play their game there yesterday evening. The first of the series will be played this evening.

Pugs Were Pinched Before Bout Opened

Tony Caponi Lost to Freddy Hicks of Detroit on a Foul at Winnipeg Last Night—Both Men Were Arrested Before the Match Started and Bound Over to Keep Peace.

Winnipeg, July 4.—An untended foul by Tony Caponi in the seventh round put an end to a 12-round bout between Tony Caponi of Chicago and Freddy Hicks of Detroit here last night. The men were mixing it at the ropes, when Caponi landed a low blow and the Detroit scrapper doubled up with pain.

COWAN'S MAPLE BUDS

Once you try them, once you get the Maple Bud flavor—that rich, creamy, chocolate flavor—you always remember it. Nothing else seems quite so good. And is it any wonder? Maple Buds are nothing but the best chocolate, pure milk and sugar, ground and rolled to make them smooth and velvety. That's why they're delicious: that's why they're wholesome.

But Remember They're not Maple Buds unless they're Cowan's
